  - Conduct booking appointments and reservations via CRM system.
- Lead generation and marketing of organization's services.

## **Developer/IT Support Officer,**

*Devdem Limited Computer Technologies([devdemtech.com](http://devdemtech.com)) Nov. 2018 – Oct. 2021 (3 years).*

- Wireless network security using C/C++ and machine learning data modeling using Python and frameworks such as Scikit-Learn, Keras, TensorFlow, PyTorch, SciPy, etc.
  - Developer of program modules, fixing bugs, and building software applications compatible with Unix, Linux, macOS, and Windows.
  - Responding to database queries and database reports using SQL programs.
  - Training Certified Ethical Hacker lab courses, scheduled curriculum development, and training professionals.
  - Creating, testing, and analyzing web applications using HTML, CSS, JavaScript, with CMSs - WordPress and SEO customization.
- Troubleshooting computers, workstations, and resolving IT support problems.

**Education:**

*Master's Degree in Information Security, at the National Nuclear Research University (MEPhI), Moscow. (2021 – 2023).*

**Language:**

*English: Native.  
Russian: B1 – Intermediate.*

**Research Papers and Publications**

- 2023, First Author: Development of Machine Learning models for Devices Identification in wireless networks traffic (Under Reviews).
- 2020, First Author: Improved Cyber Security Framework for Nigerian Civil Aviation Authority Headquarters", in IJASRE volume 6 issue 1.pp. 188-195.
- 2014, First Author: Sustainable business model for airline operation in a developing economy: Nigerian case study", in proceedings of iSTEAMS Conference 2014, pp. 167-174.

**Professional Development Courses**

- |      |  |
|------|--|
| 2023 | Agile Project Management course by YESI Education on Udemy   |
| 2022 | Cryptography by Prof. Dan Boneh of Stanford University, on Coursera.   |
| 2022 | Generative Adversarial Networks (GANs) Specialization, from deeplearning.AI (coursera.org).                  |
| 2022 | Deep Learning A-Z™: Hands-On Artificial Neural Networks, on Udemy.   |
|      | Machine Learning A-Z™: Hands-On Python & R In Data Science, on Udemy   |
| 2021 | Certified Information Security Manager (CISM), from Udemy  |
| 2020 | The Complete Web Development Boot-camp by Dr. Angela Yu, on Udemy.   |
| 2018 | Certified Ethical Hacker V10 Course at Soutech Ventures, with Certificate of Competence. (www.soutech.com/). |

**Key Skills:**

*Key Note Speaker, Project Management, ChatGPT projects, Responsibility, English language, Python, C/C++, SQL, MS PowerPoint, Project management, Big data Analytical skills, Machine learning, Teamwork, Presentation skills, Math statistics, Statistical analysis, Adobe Photoshop, Telephone conversations, Research, Finding and attracting clients, Team management, Conclusion of contracts, Organization of events, Direct sales, Training, Sales development.*

**Employment Preferences:**

*Full-time, Part-time, Project Work, Work Placement.*

**Work Schedule:**

*Full Day, Shift Schedule, Flexible Schedule, Remote Working, Rotation-based Work.*
